Charity & Business Networking Showcase

The Charity & Business Showcase Event reflects Doncaster Chamber's commitment to building bridges across the region, bringing businesses and charities together to explore the opportunities that collaboration can create.

The strongest relationships between businesses and charities are built on far more than financial support. Businesses can offer skills, expertise and resources, while charities provide valuable knowledge, networks and community connections that help organisations create a lasting impact. By encouraging these conversations, the event demonstrates how partnerships can deliver meaningful benefits for both sides.

With a charity marketplace, speed networking and thought-provoking discussions, the event creates opportunities for organisations to connect, exchange ideas and develop relationships that extend beyond the event itself. It provides a platform for businesses and charities to discover shared ambitions, strengthen CSR activity and build partnerships that contribute to a stronger, more connected Doncaster.

Target Audience: Businesses, charity leaders, CSR professionals, community-focused organisations, business decision-makers and stakeholders from across Doncaster and the wider region.

Frequency: Annual
